Mossy Foot

Mossy Foot is a condition caused by walking barefoot on soil that is laden with micro particles of silicon glass. Its medical name is podi-coniosis (non-filarial endemic elephantiasis). In other words, the tissues of the feet become filled, over years, with the micro particles of

silicon glass. This causes tremendous inflammation of the tissues. The feet thicken and enlarge and form ulcers. The deformity and debilitation is worsened by status of social outcast that the disease confers.

The Mossy Foot Project is located in Ethiopia

where 500,000 people are afflicted with this malady. It can be prevented simply by wearing shoes and socks.

Dr. Nathan Barlow began a medical ministry in Ethiopia to help people with the affliction and to educate others for

Magazine Seeks Youth Testimonies

Restoration Youth Magazine is published by Sionita School in Bates City, MO. Elder Paul Ludy is the editor of the magazine. This publication is published six times a year and features testimonies of today's youth. Some testimonies and stories from earlier days are also used at times.

The magazine is looking for testimonies writ-

ten by the youth of the church today. Brother Ludy wrote in a recent letter, "We always need testimonies from present-day youth—and from those who were young once—telling how they met the Lord or were especially blessed by Him during their teenage years. This can be a great opportunity for ministry as older Saints share with

younger ones."

If you would like to submit a testimony you can send them to

Paul Ludy at:

sionita@juno.com

Or by mail at Restoration Youth Magazine, Sionita School, 3209 Quarry Road, Bates City, MO 64011.

Brother Ludy will gladly help authors edit their material.

Liberia Update

Dear family and friends,
The prayers of those of us who are involved with the Liberia mission were answered recently when a pickup truck was donated for us to send to Liberia.

This gift is a blessing in many ways. The Saints in Buchanan will no longer have to hire (and pay dearly) a truck to drive to Monrovia to pick up the barrels when we send them. The truck will provide transportation for the missionaries who now have to walk untold miles (to get to other branches) or depend on one of the two old motor bikes for traveling long distances.

After several months of research we have located a company on Long Island that will bring a twenty

foot container here to Independence. We can load not only the truck but also a wonderful assortment of supplies we have gathered for the Future Hope Orphanage in Buchanan as well as the saints in the Restoration Branches in Liberia. We have 15 barrels filled with scriptures, clothes, food, medical supplies, school supplies, toys etc. We are also sending over a treadle sewing machine, material, tools, bikes, and 20 boxes filled with new school books, which will be so welcome since there is now a second Restoration school over there.

The cost for sending the container is 5,300.00. So far we have received a little over 1,000.00 so I am asking for your help again.

If you have any questions please call me at the CRE office (816-836-3421) or call my cell phone (816-591-7163).

If you would like to make a donation please send it to the CRE office.

Make checks out to ARM and write 'container' on the memo line.

Bible Books Quiz Answer Key

30 Books of the Bible

Last month this quiz was presented. Here are the answers in italics and underline

There are 30 books of the Bible in this paragraph Can you find them?

This is a most remarkable puzzle. It was found by a gentleman in an airplane seat pocket on a flight from Los Angeles to Honolulu, keeping him occupied for hours. He enjoyed it so much, he passed it on to some friends. One friend from Illinois worked on this while fishing from his john boat. Another friend studied it while playing his banjo. Elanie Taylor, a columnist friend, was so intrigued by it she mentioned it in her weekly newspaper column. Another friend judges the job of solving this puzzle so involving, she brews a cup of tea to help her nerves. There will be some names that are really easy to spot. That's a fact. Some people, however, will soon find themselves in a jam. Especially since the book names are not necessarily capitalized. Truthfully, from answers we get, we are forced to admit it usually takes a minister or a scholar to see some of the m at the worst. Research has shown that something in our genes is responsible for the difficulty we have in seeing the books in this paragraph. During a recent fundraising event, which featured this puzzle, the Alpha Delta Phi lemonade booth set a new record. The local paper, The Chronicle, surveyed over 200 patrons who reported that this puzzle was one of the most difficult they had ever seen. As Daniel Humana humbly puts it, "The books are all right here in plain view hidden from sight." Those able to find all of them will hear great lamentations from those who have to be shown. One revelation that may help is that books like Timothy and Samuel may occur without their numbers. Also, keep in mind, that punctuation and spaces in the middle are normal. A chipper attitude will help you compete really well against those who claim to know the answers. Remember, there is no need for a mad exodus; there really are 30 books of the Bible lurking somewhere in this paragraph waiting to be found.

God Bless...

prevention. Dr. Barlow has passed away, but his ministry continues in the hands of faithful workers.

Donations are needed to keep this work moving forward. Currently, 40,000 people are in the treatment program there. The funds will buy socks and shoes. The ministry also trains people as shoe cobblers.

The project is asking for people to commit \$30.00 a month to support them. More information is on the church bulletin board. The address is listed in the sidebar.
